ARMY ORDERS.

Army Orders Nos. 310 to 324 have been published during the month of September, 1916.

Published on the 1st September, 1916.

**A.O. 310. I.—Separation Allowance for Soldiers' Depend-
ants.—1916.**

46
1456

1. It has been decided to abolish the time limit for applications for Separation Allowance for soldiers' dependants, promulgated by Army Order 1 of 1916. Claims which are not preferred within 1 month of the soldiers' enlistment (or joining from the Army Reserve) will, in future, be dealt with as indicated below ; but, except under special War Office authority, no payment will be made on any such belated claim for any period prior to 22nd August, 1916.

2. Paragraphs 79 and 79A of the Separation Allowance Regulations, promulgated by Army Order 1 of 1916, will be *cancelled*, and the following *substituted* :—

**A.O. 310. 79. A soldier who has not on enlistment (or joining
— 1916.**

from the Army Reserve) claimed Separation Allowance for a dependant, may afterwards submit a claim through his commanding officer on Army Form O 1838. Arrears of Separation Allowance can in no case be granted, except as provided in paragraph 53.

79A. On receipt of a claim made (under paragraph 79) more than 1 month after the soldier's enlistment (or joining from the Army Reserve), the paymaster will mark the Army Form O 1840, before sending it to the pension officer, "Belated claim ; strict investigation necessary." The paymaster will scrutinize such claims with special care before any payment of Separation Allowance is made.

79B. Claims preferred by a dependant may be considered in the following cases :—

- (i) *If the soldier is serving abroad.*—In these cases no payment will be made until Army Form O 1838 duly completed, has been received from the soldier and compared with the declaration made by the dependant.

Army Orders.—October, 1916.

- (ii) *If the soldier is a prisoner of war.*—In these cases no payment will ordinarily be made unless and until the soldier notifies his consent to make the necessary allotment; but any case where there is difficulty in communicating with the soldier may be submitted to the War Office for consideration. A.O. 310
1916
continued.
- (iii) *If the soldier has been reported missing or is dead.*—In these cases it will be assumed that the soldier would have agreed to make the necessary allotment, but the continuation period of 30 or 26 weeks will reckon from the date on which a notification of the casualty was first sent to the next-of-kin. When this period has expired, claims will be dealt with under Army Council's Instructions on Royal Warrant of 15th February, 1916 (Army Order 85 of 1916).

These claims will be dealt with under paragraph 79A. The allowance, if admitted, will run from the date on which the claim was received from the dependant, or from the date from which allotment is recovered from the soldier, whichever is later.

A.O. 318. IX.—Separation Allowance Regulations— **1916.** Amendments.

Transferred Payments.

1. With a view to securing uniformity of practice it has been decided that in cases where payment of separation allowance has been transferred, the procedure for the issue of a new Identity Certificate and book of Army Allowance Forms at the end of the period covered by the book issued by the former Paymaster, shall be the same as that at present provided for cases where a change in rate is necessary before the end of the period. 46

2. The following amendments will be made in the Separation Allowance Regulations :—

Paragraph 99, line 9. After “the identity certificate having first been renewed” insert “as indicated in paragraph 99A”.

For the first two lines of paragraph 99A (promulgated by Army Order 133 of 1916) substitute—

1916. quarter if a casualty occurs which necessitates a change in the rate of the weekly payment), the new”

Recovery of Allotments.

3. It has been found that there are a number of cases where Army Form N 1536B (Allotment Roll), which contains space for 250 names, is not suitable for carrying out the quarterly check. It has accordingly been decided to introduce a new form (Army Form W 46

3487) for use in individual cases. Army Form N 1536B will, however, continue to be used for all cases where it is applicable. (Army Form W 3487 is similar to Army Form W 3246, at present used by Command Paymaster, London District, for Dependants' Multiple Claims.) A.O. 318

107. A quarterly check of the recovery of allotments will be carried out in every case in which the soldier's pay account is not compiled in the office of the Paymaster issuing allotments. The appropriate Army Form will be rendered to the Paymaster compiling the soldier's pay account not later than the end of the month in which the quarterly issue of Books of Army Allowance Forms is made, and will be checked and returned within one month of the date on which it is received. A.O. 318.
1916.

The appropriate Army Form is as follows :—

Army Form N 1536B (Allotment Roll) in the case of units.

Army Form W 3487 in individual cases (including Wives' Composite Claims—Army Council Instruction 1270 of 1916).

1916. With reference to paragraph 93 (d), Financial Engineers
8630
Instructions, it has been decided that for the present any debtor balance on the account of a soldier discharged to pension, so far as it may be recoverable from a pension issued by the Central Army Pension Issue Office, shall be charged against the pension vote by the paymaster who closes the soldier's account.
Charges will be supported by Army Form W 3189 (counterfoil).
Recovery from the pension will be made by weekly instalments, only the net amounts issued being charged against the public.
Army Form W 3189 has been amended, and supplies will shortly be issued. Present stocks should be wasted.

- A.O. 321.** **XII.—Powers during the present war in relation** 19
1916. to losses, &c.—1. With reference to Army Order 52 Engineers
8630
of 1915, it has been decided to modify for the present the procedure for the write-off of debtor balances on the accounts of soldiers who become non-effective while in fixed-centre payment, and to relieve General Officers Commanding of the task of investigating debtor balances that are trivial in amount or in connection with which there is no *prima facie* evidence of serious error or negligence on the part of any individual.

2. The future procedure will be as follows :—

(a.) Debtor balances not exceeding 1*l.* may be charged against the public on the authority of the Regimental Paymaster.

The charges will be supported by a certificate signed by the Regimental Paymaster himself (or by the paymaster temporarily in charge of the office if the Regimental Paymaster is away), showing that the circumstances in which the debts have arisen are, in his opinion, such as to warrant the charge against the public.

The charges will be subject to review by the Local Auditor in course of audit.

(b.) Debtor balances that the Regimental Paymaster is unable to authorize under (a) will be brought to the notice of the Local Auditor (as representing the War

Office), who will authorize the charge against the public of any debt in respect of which he is satisfied that there is no evidence of such degree of error or negligence on the part of any individual officer or clerk as calls for investigation by the General Officer Commanding or the Army Council. A.O. 321
1916
continued.

(c.) Where a debtor balance appears to be due to the serious error or negligence of a regimental officer, and the Local Auditor is accordingly unable to dispose of it under (b), the Regimental Paymaster will submit a statement of the case to the General Officer i/c Administration.

If the regimental officer is serving in the same command, the General Officer i/c Administration will obtain an explanation from him and will then deal with the case according to its merits and the extent of his powers under Army Order 52 of 1915.

If the regimental officer is serving elsewhere, the General Officer i/c Administration will transmit the paymaster's statement to the General Officer Commanding-in-Chief under whom the officer is serving, who will investigate and dispose of the case as indicated above.

(d.) Where a debtor balance appears to be due to serious error or negligence on the part of the Pay Office staff, and the Local Auditor is accordingly unable to dispose of it under (b), the procedure will be as at present.

3. In the case of a soldier discharged to pension the Regimental Paymaster will not charge against the public under paragraph 2 (a), or refer to the Local Auditor under paragraph 2 (b) any portion of a debtor balance that is recoverable from the soldier's pension.
